Dear Wizards of the Coast team,

My name is Jasmine Angelo. I am contacting you to put myself up for consideration in either your game development or creative departments. Having studied elements of story-telling and narrative-driven imagery, I am interested and even excited to potentially get the opportunity to work with the people who develop content for games such as Dungeons and Dragons and Magic the Gathering.

With my graduation from the Digital Media and Animation baccalaureate program at Alfred State SUNY College of Technology, I have knowledge on working in a cooperative environment with free exchange of ideas and can therefore present concepts and ideas in an organized fashion. From previous positions in customer service, I have learned how to communicate in a respectful but serious manner.

I look forward to the chance to speak with you about my qualifications and about possibilities of working with you. Attached to this letter is my resume and a link to my digital portfolio. If you have any questions, please feel free to contact me at ( ).
Thank you for your time and consideration.

Sincerely,

Jasmine Angelo
